i...!
i...
i...
y-you bastard, what have you done!?
y-you should know it too ...what will happen if you kill someone here...!
i know it very well, that's why i had to do it...
i couldn't let you do it...
hey peko... i said it already when we came to this island...
our relationship till now never happened
i'm a tool to protect the young master...
without the owner, a tool would have no reason to exist

there's nowhere to run
they might see through this case
make it look like it's my fault, you just run away!! don't mind my businness!
listen to me, run away!
saionji will wake up soon
please hurry!
i will make you leave this place safely ...
but don't worry, i have a plan
...sorry peko...
i really can't do it...
forget me and everything about the kuzuryuu family..
you just have to run away safely yourself!
d-damn it..!
promise me you'll run away!

also if i were to accept your method you would really become a mere tool !
I couldn't think how someone like me, who isn't able to keep living without relying on something
actually.. even if i really were able to survive using this plan
there were cameras all around at the end this was all just for your amusement, huh?
mono kuma knew it since the beginning right?
you knew what happened between those two
peko ...
i'm sorry that i couldn't fulfill your wish but i
but unfortunatelly, the tool with the heart of a human being, pekoyama is the culprit!!
even if i say it was necessary, pekoyama's argument was pretty interesting!
oh well

after all, weren't we raised together since childhood?
even a tool can understand something like that
i could say that young master was too kind to be a gangster
i couldn't possibly accept if you tell me to run away
even so I hoped you could escape I wanted to protect you
so why on earth did you
upupu... so!
let's start the punishment for the guilty one!
i'd have a selfish request I hope you guys can forgive the young master
but please don't allow such murder cases to happen again
I'm sorry for causing trouble to the rest of you

young master fuyuhiko.. could you please listen to one last selfish request from me?
i wish you could remember ... remember that there was a tool named pekoyama by your side ...
just that
then let's hurry and start!
how many times do i have to repeat it?
i don't need any tool
so! like i said, let's start!
... is that so...
it's weird.. you've always been by my side, so why can't you understand?
i... don't need any sword or shield
i also don't need any tool... so
you just had to be yourself ...!
what i needed was not a tool... it was you!
young master ?

I still need you! don't leave me alone!!
why? why can't you understand even this? peko! don't go...!
GAME OVER
pekoyama has been found guilty now starting punishment
punishment time--- now starting!!
young master ---!!

UWAA AAAAA AAAAA AAAAA AAAAA AAAAA AAAAA AAAAA .....!
h-how!? even kuzuryuu ...!
you.. how can you keep saying something like that ..?
one of our mates has been killed! don't you feel even a bit sorry!?
this is just like the best chief cooking with the worst ingredients!
that's why I say that you should discuss with me first..
what a pity... this outcome is so unfortunated...

of course i'm sad! i'm so wracked that i'm about to despair
but this despair is nothing but a stepping stone to make hope shine brighter.
the larger th stepping ston is, the bright we will shine ll should be obvious
hmph
you dare calling me ste- pping stone? you say pretty interesting things, huh
upupupu... you remind me of "that" person
i don't know what you are talking about anyway i'll just say this
the hope of these high school level students will definitely crush you
expecially because of that twisted sense of "hope"
